Subject: To promote the Hand Made Paper and its products replacement use of plastic folders.

The Ministry of Micro, Small and Medium Enterprises has issued a letter to all Secretaries of Government of India to do away with plastic folders stating that plastic is a non-biodegradable substance and its improper disposal causes many problems.

As we are aware that, Khadi and Village Industries Commission patronises Rural Traditional Village Industries Handmade paper is one of the prime village industries under the purview of KVIC. Handmade paper has been globally acclaimed as "Eco- friendly" product for its non-toxic, biodegradable properties since it does not use wood pulp as raw material. KVIC promotes usage of handmade paper to safe guard the ecological balance of the mother earth.

The plastic folders which are conventionally being used for meetings and workshops can be very well replaced by the handmade paper folders which are more durable as well as aesthetic in look.

Government has desired to advice all offices in State to make use of handmade paper folders and other stationery item to contribute towards safeguarding the ecological balance of the earth.

Secretary
Haryana Khadi & Vill. Ind. Board,
Panchkula
